

DAESAN MANUAL HOIST

CHAIN BLOCK

DAESAN portable, light weight hand chain hoists are compact and provide a dependable working tool for industrial maintenance, construction sites, machine shops, and production situations where parts need to be positioned accurately but infrequently.

Covers : Protective steel covers can easily be removed for inspection and maintenance. Wheel cover & brake cover protect block from dust and rain.

Mechanical Load Brake : Can hold a capacity load stationary at any position.

Hooks : All hooks are drop forged, heat treated steel with spring type latches. Both hook rotates 360 for easy rigging.

Chain Guide : Allows smooth operation of load chain.

Load Sheaves : Deep cast pockets precisely fit the load chain. Load shafts are supported by prelubricated bearings for smooth operation.

Load Chain : Electric welded G80 alloy steel chain is heat treated for wear resistance and strength. Accurately and uniformly sized to seat properly in load sheaves.

* **Overload protection by slip clutch system (Option)**

■ For the last 3 decades DSN series had been sold over 1,000,000 units in Korea and overseas.
